SCAN ME

## Welcome to our conference

Because quality is our goal, and scientific research is our means, Al - Furat Al- Awsat Technical University has offered to hold this critical scientific conference.

This conference will be a repeated scientific activity every year to revitalize the scientific research movement in quality and raise the education and technology indicators in various fields of life (medical, engineering, humanity, and others). On this occasion, the president of Al- Furat Al- Awsat Technical University and as a supervisor of the conference is pleased to welcome all local and international research participation to present through it a qualitative professional, scientific conference In terms of preparation, implementation, and scientific publishing, leaving behind, God willing, scientific monuments that enrich the field of knowledge and civilized development in the world.

Welcome esteemed researchers.

Prof. Dr. Mudhaffar S. Al-Zuhairi  
president of Al -Furat Al -Awsat Technical University

## About the conference

The First International Quality Conference held by Al Furat Al-Awsat Technical University/ Technical Institute of Karbala seeks to extrapolate and develop current practices for quality applications to achieve a positive impact on all business performance sectors various levels.
